

INSTITUT de MATHÉMATIQUES  
de MARSEILLE

Dear colleague

it is our pleasure to announce the upcoming **one month program** on

***Mathematics for Signals, Images and Structured Data***

to be held at [CIRM](#) ( Marseille), January 25 -February 26, 2021.

The program will consist in a **research school** on

- Mathematics, signal processing and learning (25 - 29 January 2021)

**and four conferences** on

- Harmonic analysis, multiscale representations and applications to large-scale data, modeling and numerical simulations (1 - 5 February 2021)
- Statistical analysis of images and their derived objects (8 - 12 February 2021)
- Mathematics for Audio and Music Signal Processing (15 - 19 February 2021)
- (Bio-)medical imaging, neuro-imaging and related signals (22 - 26 February 2021)

More information is available on the web site of the program, that will be updated on a regular basis :

<https://conferences.cirm-math.fr/2331.html>

If you are interested in receiving updates concerning the program (including updated schedule , call for participation, call for submission, opening of registration,...), please register on the dedicated mailing list [cirm2021@listes.math.cnrs.fr](mailto:cirm2021@listes.math.cnrs.fr), by clicking on “s’abonner”(left menu) on the web site

<https://listes.math.cnrs.fr/www/info/cirm2021>

We look forward to seeing you in 2021 !

The Signal-Image team at I2M (Institut de Mathématiques de Marseille).
